

AGGELOS KOLITSIS

FULL STACK DEVELOPER

Thessaloniki, Greece | +306946539001 | aggelosk2004@gmail.com github.com/AggelosK004
| linkedin.com/in/Aggelos-Kolitsis | [Portfolio Website](#)

Objective

Full-stack developer with hands-on experience in modern web technologies, building scalable applications with React and TypeScript. Focused on clean architecture, maintainable code, and delivering practical solutions from concept to deployment.

Experience

Metatopia – Full-Stack Developer Intern

Mar 2026 – May 2026

- Developed robust backend infrastructure and services using C# and Microsoft SQL Server.
- Built **TypeScript** and **React** interfaces for multi-role user experiences across desktop and mobile.
- Contributed to a full frontend architecture refactor, improving code organization and maintainability across the application.
- Collaborated on API integration using **Orval** to generate typed clients from OpenAPI and strengthen frontend and backend alignment.
- Worked in a **Git**-based team workflow with feature branches and merge requests for shared delivery.

Open Source UoM – Development Team Member

- Active member contributing to open-source projects, such as [MyUom](#), at University of Macedonia's Open Source team
- Collaborated with team members on development and deployment tasks.

Feb 2025 – Present

Project: [CloudView](#)

Oct 2025 – Nov 2025

- Developed a Weather Application using React.js and Material-UI that provides current weather conditions and a detailed 5-day forecast. Built with OpenWeather API integration, featuring a favorites system to save and quickly access your preferred locations.

Project: To-Do List**Sept 2025 – Nov 2025**

- Developed a full-stack task management application using HTML, CSS, and JavaScript for the frontend, integrated with a NestJS and PostgreSQL backend. Features include JWT authentication, persistent data storage, and a responsive user interface.

Web Development Portfolio Project: PortfolioWebsite**Mar 2024 – June 2024**

- Developed a personal portfolio website with React.js and Material-Ui

Education

University of Macedonia – Thessaloniki, Greece**Oct 2022 - Present**

- B.Sc. in Applied Informatics – Computer Science

Certifications

- Meta React Advanced (Sept 2025 – Oct 2025)
